

## **Service Animals and Pet Policy**

Service animals (such as dogs) are trained to perform tasks for the benefit of individuals with physical or mental disabilities. This includes, but is not limited to, guiding individuals who are blind, alerting those who are deaf, protecting individuals prone to seizures and various other tasks directly related to a disability.

Pets and other animals whose sole function are to provide comfort, companionship or emotional support do not qualify as service animals under the Americans With Disabilities Act and Arizona state law.

Winter Range personnel will do everything possible to help any disabled shooter safely complete the course of fire. However, neither service animals nor pets are permitted in the posse-only area or on the firing line at Winter Range.

Questions should be directed to the Match Director or Range Master.
